How will you support the mentee in terms of career development, networking and establishing an independent research profile?

Declaration of Consent of the Mentor

With my signature, I confirm the correctness of the information provided. If the application is successful, I expressly agree to act as a mentor for the applicant for the Early Postdoc Fellowship at the Academy and to support the project application in question. In accordance with the guidelines, the career and mentoring plan to be developed during the course of the fellowship must be written jointly by the mentor and the fellowship recipient.

When applying for FWF Esprit: I have taken note of the requirements and tasks of mentors in accordance with the FWF guidelines and confirm my support in this regard.
